

# Miniscopic Synergy

*An invisible, custom  
wireless solution*

**NU**EAR®

# Made for an invisible fit.

miniscopic™  
[Synergy®]

*We're proud to introduce  
Miniscopic™ Synergy®, the most  
advanced technology available  
in our most popular invisible  
hearing solution.*

Now the world's smallest, most comfortable hearing aids allow for hands-free connectivity and media streaming from your phone to your hearing aids.

## **Small, discreet and powerful.**

These tiny hearing aids are loaded with advanced features. While maintaining the power of superior sound, our wireless solutions give you the ability to stream TV, music and much more.

*NuEar has cutting  
edge technology  
that delivers true  
listening enjoyment.*

# Hearing wellness for Life

It's been proven that hearing health is directly connected to overall health and well-being.

When you're able to hear and engage with the world around you, you live a better and healthier life.

Our pursuit to help people hear better and live better has led to our biggest breakthrough to date.

Miniscope Synergy, NuEar's most advanced technology, offers supreme sound quality, premium features, enhanced listening experiences and a customized fit unique to your hearing needs.

***Miniscope Synergy has it all with invisible, custom wireless solutions.***

# Made to deliver the very best.

## *A world of wireless connectivity.*

Receive a direct connection between your phone, or any other Bluetooth® device, and your hearing aids. Stream TV, music and more with accessories like SurfLink® Mobile 2, SurfLink Media 2 and SurfLink Remote.

## *Made for an invisible fit.*

Miniscope Synergy rests comfortably in the second bend of your ear canal where it's virtually undetectable to others.

## *Custom fit for comfort.*

As leaders in custom hearing aids, NuEar's Miniscope Synergy are the first and most popular custom-fit Invisible-In-the-Canal (IIC) hearing aids ever made. They're custom fit to your unique ear canal for all day comfort, and rest deep inside your ear where no one can see them.

# Made for your convenient connectivity.

## SURFLINK®

*Our NuEar wireless hearing aids  
wouldn't be complete without our  
popular SurfLink accessories.*

With more and more wireless products, making connections between devices can be challenging. To navigate listening environments with high wireless traffic, our 900sync™ Technology provides a powerful solution. It delivers high bit-rate streaming, allowing for ear-to-ear phone streaming and wireless capabilities.

Our compact cell phone transmitter, **SurfLink Mobile 2**, is an assistive listening device, media streamer and hearing aid remote all rolled into one.

**SurfLink Media 2** is a set-and-forget media streaming solution that connects to TVs, MP3 players and more, to wirelessly stream audio directly to your hearing aids.

Our **SurfLink Remote** can be used to adjust volume, change memory modes, go in and out of streaming mode and much more – all with the push of a button.

Our discreet, lightweight **SurfLink Remote Microphone** is worn by a conversation partner to aid patients in one-on-one conversations in difficult listening environments.

# Made to perform.

## You want

## Miniscope Synergy delivers

*An invisible and custom fit*

Miniscope Synergy hearing aids fit deep inside your ear canal and are personally customized to you for all-day comfort.

*To easily adapt to new sounds*

NuEar's new feature speeds your transition to hearing aids by gradually adjusting settings to allow your brain to get used to new sounds.

*Better wireless streaming*

Technology that provides consistent wireless performance while streaming TV, music and other media with **SurfLink Mobile 2** and other **SurfLink** accessories.

*A comfortable, personalized listening experience*

Sound comfort technology designed to provide distortion-free listening comfort for loud sounds while ensuring ultimate clarity for soft sounds.

*No buzzing or whistling*

NuEar's best-in-class feedback cancellation system providing feedback-free, comfortable listening all-day long.

*Music the way it was meant to be heard*

**Miniscope Synergy** is designed to allow you to experience music in a whole new way. Now you can hear every note the way the artist intended – with pure, refined sound quality.

*Customizable tinnitus relief*

Advanced **Multiflex Tinnitus Technology** integrated into Miniscope Synergy to bring relief to those who suffer from ringing in the ears.

Features may vary by technology level.

*Miniscope Synergy  
hearing aids enable  
people to hear better in  
difficult environments  
and live a better life.*
